

BAD STOMACH

MAKES BAD BLOOD.

You can't make sweet butter in a foul stomach. Every farmer's wife knows this. Your stomach, chest and digestive system are your whole system suffers from indigestion. Dr. Pierce's Medical Discovery, which is not a beverage composed of whisky or alcohol, being entirely free from intoxicants, is a great regulator and invigorator of the stomach, liver and bowels.

Aches a year ago I was ill with blood poisoning. Dr. Pierce's Medical Discovery, which is not a beverage composed of whisky or alcohol, being entirely free from intoxicants, is a great regulator and invigorator of the stomach, liver and bowels.

When I began to take your Medical Discovery, I was greatly benefited with the first bottle and after taking the second bottle was completely cured. The erysipelas eruption disappeared and my blood was cleansed. My complexion is clear and fresh and I have felt better this year than I did for some time back. Dr. Pierce's Medical Discovery is certainly a most remarkable medicine.

Don't accept a substitute for a medicine which performs such cures and which has a uniformly successful record of nearly forty years to its credit. It's an insult to your intelligence for a dealer to try to over-urge you to palm off upon you in the stead some inferior medicine with no record to back it up. You know what you want; it is his business to meet that.

\$50,000 GIVEN AWAY. In copies of Medical Discovery, a book that sold to the extent of 500,000 copies a few years ago, we have now given away \$50,000 worth of these invaluable books. This year we shall give away \$50,000 worth of these invaluable books. Will you share in this benefit? If so, send only 25 cents in stamps to cover cost of mailing only for book in self-paid covers, with stamps for each book. Address: Dr. J. C. Pierce, Buffalo, N. Y.

Consultation although a little ill, but big use of neglected. Dr. Pierce's Medical Discovery.

Pruning Grape Vines.

(Written for the Epitome.)

Grape vines may be pruned at any time after the leaves fall until the sap begins to rise, as indicated by bleeding when the vine is cut. It is perhaps better to prune early—say in November or December and to cut back near the base of the vine as convenient; not right on the ground, as in Southern California, but not more than two feet from it. Keep in mind two things when you prune—that the last year's buds throw out the finest spurs upon which the grapes are to grow; that is, the wood that grew in 1914 will be the fruit spurs for grapes in 1915. The wood of 1914 and 1915 will not bear a grape. Now in pruning, leave two and sometimes three buds on a spur; hence if you leave three buds on a cane you will have six to nine bunches, so if a greater number of canes are left the chances are you will overload your vines. Better clip off a lot of the smaller canes and occasionally cut out an entire vine, back to the ground, or as near as you can, so as to induce a new vine for future use. The other thing to bear in mind is, when the fruit-bearing spurs are to be propagated for the next year it will not do to keep on lengthening out the vine from year to year, as after awhile your fruit would be too far removed from the base. So it is important to keep raising new shoots and new vines as near the ground as you can and as the new ones come into bearing cut away the old ones.

THE above picture of the man and fish is the trademark of Scott's Emulsion, and is the synonym for strength and purity. It is sold in almost all the civilized countries of the globe.

If the cod fish became extinct it would be a world-wide calamity, because the oil that comes from his liver surpasses all other fats in nourishing and life-giving properties. Thirty years ago the proprietors of Scott's Emulsion found a way of preparing cod liver oil so that everyone can take it and get the full value of the oil without the objectionable taste. Scott's Emulsion is the best thing in the world for weak, backward children, thin, delicate people, and all conditions of wasting and loss strength.

Paul was fined at \$20000 for the release of Mrs. Chadwick pending trial on three indictments returned by the grand jury. Bail in an equal amount was fixed several days ago in the United States District Court, making a total of \$40,000 the prisoner must furnish before being released.

Secretary Hay has received pledges from all the powers in favor of the preservation of the administrative and territorial integrity of China.

Mr. Hay took this action as a result of certain reports from the American Embassy and Legations abroad to the effect that the Powers were expecting to divide China among themselves after the close of the Russo-Japanese war. His inquiry has checked whatever schemes have been in foot.

Thousands Have Kidney Trouble and Don't Know It.

How to Find Out. Fill a bottle or commot glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also

convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and swelling pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild, but extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c and \$1.00 sizes.

You may have a sample bottle of this wonderful discovery

sent to you absolutely free by mail, address Dr. Kilmer & Co., of Swamp-Root Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

A neglected cough or cold may lead to serious bronchitis or lung troubles. Don't take chances when Foley's Honey and Tar affords perfect security from serious effects of a cold.

Sold by Louisa Drug Co.

The climax in the strike situation at St. Petersburg came Sunday when the strikers undertook to carry out their programme of marching to the Winter Palace to petition the Emperor for a redress of their grievances.

At 2 o'clock in the afternoon the crowd had grown to such a degree that the soldiers undertook to disperse it. The strikers offered resistance, and a volley was fired into them, and more than one hundred persons were killed, including a number of women and children.

Conflicts of minor importance occurred in other parts of the city, and it is estimated that 500 people were killed or wounded during the day's fighting. Shortly after midnight the disorder ceased, the soldiers having gone into bivouac and the strikers barricading themselves in their strongholds. The strike leaders declare that they will keep up the fight.

The feeling of the middle classes against the autonomy is bitter, and it is feared there will be a resumption of hostilities.

CHILDREN POISONED.

Many children are poisoned and made nervous and weak, if not killed outright, by mothers giving them cough syrups that contain opium.

Foley's Honey and Tar is a safe and certain remedy for coughs, croup and lung trouble, and is the only prominent cough medicine that contains no opiates or other poisons. Sold by Louisa Drug Co.

The situation in St. Petersburg is extremely critical and great uneasiness pervades the population. Soldiers have been distributed all over the city, but the strikers declare they will carry out their programme of assembling at the Winter Palace. They have been warned against assembling, but the leaders express the belief that the soldiers will not fire on them in the event of a collision. The authorities assert that the troops will "do their duty."

Try for Health

222 South Peoria St., Chicago, Ill., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie in bed nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it as I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Don't you want freedom from pain? Take Wine of Cardui and make an supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?

Mr. N. Fischer has received his summons to leave the world below and enter into his Heavenly Home. It hardly seems possible, but still a sad fact; that is, as looked upon from our human standpoint.

His friends have noticed him failing fast for a year or two, but no one thought the end would come so soon. He has been alluring some all winter, still he was not forced to take his last.

A week ago last Monday Mr. and Mrs. Fischer went to Cleveland to spend a short time with their daughter, Mrs. Humphrey, little thinking that the father would not return alive. Last Friday pneumonia set in, and then the end soon came. Saturday at 2 o'clock he breathed his last. He said good bye to earth with a sincere trust of entering that home which the Savior had prepared for him.

With the exception of a few years spent in Kentucky, Mr. Fischer was a resident of Vermillion for about fifty years. In all those years he has proven himself a true husband, a loving father, a kind and obliging neighbor and a useful, respected and honored citizen.

He was also an active member in his church. Whenever there was work to be done he was ready to perform it. In his counsel his advice was gladly received and his words carried with them great weight. He leaves a great void in many places of human activity—his place will be hard to fill. Still we do not begrudge him his rest, his eternal peace and unappealable joy. Our only care should be that we also may be ready when the summons comes. That we "Go not like the quarry slave Scourged to his dungeon, But sustained and soothed With an unflinching trust Approach thy grave.

Like one who wraps the drapery of his couch about him And lies down to pleasant dreams."

The funeral services were held at the Reformed Church Wednesday, Nov. 19, at 10 o'clock. Officiating in both German and English, Elie Lodge P. & A. M., of which Mr. Fischer was a member, attended in a body and held Masonic services both in the church and at the grave. The floral offerings were numerous and beautiful.

Mr. Fischer was well known and highly respected as was evinced by the large number who gathered to pay their last respects to the dead.

Mr. Nicholas Fischer was born May 21st, 1826, in Heims, Kreis Hemsfeld, Kurhessen. He came to America April 1st, 1854 and settled in Vermillion. On Dec. 25th, 1858, he entered the band of holy matrimony with Mary Frohlich. This union was blessed with three sons and four daughters. These, besides his wife, eight grandchildren and a host of friends are left to mourn their loss.

Mr. Fischer was a member of the Reformed Church of Vermillion for about fifty years and for many years a trusted and valued officer. He will be greatly missed in the home, in the church and in the community. He fell asleep January 7th in Cleveland at the home of his daughter, Mrs. Humphrey. He reached the age of 68 years, 7 months and 17 days. May he rest in peace.—Vermillion (O.) News.
